## Value-Add Services and Technologies Deliver Affordable Results

Improve the results and success of your Google Apps Deployment by incorporating services and technologies that improve the migration process, integrate Google Apps with your computing environment, and enhance your end users' experience.

### Dual Delivery

\$500 one-time

Migrate users in phases with no loss of data with email delivered to your current email server and Google Apps simultaneously.

### Boost eLearning

\$10/user/year

Give your users the only Gmail, Calendar, Docs, and Sites training solution certified by Google, right from their inbox. Special pricing for education customers is available.

### Google Apps Directory Sync

\$500 one-time

The GADS tool lets you sync user accounts from MS Active Directory and other LDAP servers. Horizon gets you setup, configured, and trained.

### OffiSync Premium

\$12/user/year

The only tool that Integrates MS Office with Google Docs and Google Sites, with access to all of your collections, sites, and file cabinets, and real-time co-authoring.

### Google BES Connector

\$500 one-time

Horizon will help you connect your existing Blackberry Enterprise Server to Google Apps.

### FloreySoft Shared Contacts

\$500/domain/yr

Create, secure, and manage one or more shared address books using the only solution that syncs shared contacts to mobile devices.

### GroupWise Migration

\$10/user, one-time

Horizon will deploy and run Cloud Google Migrator, the best tool for migrating mail, calendars, and contacts from GroupWise to Google Apps.

### On-Going Support

Ask for a Quote

Live, friendly, post deployment support and guidance for your IT staff and, optionally, your end users by phone, email, or web.

### Off-Site Migration

\$24/user, one-time

The best way to migrate from webmail and hosted email services without taking over your users' computers and your bandwidth. Off Site Migration services also let you move from in-house systems with little or no impact on your network.

### Postini Services

Ask for a Quote

Ensure compliance with Message Archive & Discovery and Google Message Encryption services. Per user, per year pricing is based on the service and support options you select.

### First Class Migration

up to \$24/user, one-time

Tools and methods for migrating email, calendars, and contacts from your in-house or hosted First Class system to Google Apps.

### Postini Configuration

\$450, one-time

Let Horizon configure your Archive & Discovery and/or Message Encryption Services.

Cumulus Global<sup>SM</sup> helps small and mid-size businesses, non-profits, governments, and educational institutions thrive by delivering cloud computing solutions. We align technology with our clients' goals, objectives, and bottom lines. We leverage our expertise, vendor relationships, and a diversified range of best-of-breed cloud services to create custom solutions with tangible value.
